April 18, 2020

A normal five day week, Monday through Friday, has a busy schedule between working, kids going to school, homework, sports and other activities. Somehow we may find “adult time” for our own commitments and interests throughout the week, but a busy schedule knows no quiet time.

The weekend continues this busy life, but with other goals at hand. Saturday may be directed towards household tasks, planning ahead for the week to come and perhaps a day trip for entertainment purposes.

Sunday is the one day out of seven that we foresee as a day of tranquility. Sunday is the biggest day of the week. This is our day to revitalize ourselves, our faith and our life through this day’s events. This is also the day of traditions. Moms, Dads, sons, daughters, and grandkids gather for Sunday dinners that are filled with stories to share, the latest and greatest news and planning for upcoming occasions. This day gives us our memories, allowing us precious time with our family and friends. Our legacy will be remembered by our presence and not by the time that was lost with those we love and cherish.

We’ve received support from every town except Mason, which will be holding a Public Hearing the week of April 20th.. We ask for your support in closing on Sundays. In exchange we will extend the operational open hours to the public. The proposed new hours are as follows:

Tuesdays 6:30 a.m. to – 4:30 p.m.*	Thursdays 11:00 a.m. to 8:00 p.m.
Fridays 8:00 a.m. to 11:00 a.m.	Saturdays 8:00 a.m. to 5:00 p.m.

* until further notice, from 6:30 – 8:00 a.m. on Tuesdays will be "Senior Hours" (and for others with special health conditions that put them at increased risk).

We have worked hard at developing a schedule to accommodate extra hours of operation open to the public in lieu of closing on Sundays. We are looking forward to having family time on Sundays and appreciate your cooperation and understanding of this change. **May 10, 2020 is the target date for the new hours to begin.**

“One day your life will flash before your eyes. Make sure it’s worth watching.” --Unknown
